

Tin size : 127x153 mm

M-offset label specification 600g/800g : 412,7x143,5 mm

Please respect strictly the below instructions.

Check the color separation (no cyan and no black allowed) as below:

- Magenta + Yellow + PMS 288 C + ????

The file must be restituted in Illustrator CC with separated layers as provided.

The layout must be added on the middle layer named "Artwork".

Please do not touch the two locked layers named "Specif" and "BG" to avoid any technical issue.

After checking all the layout, please save the 3 files as below:

- File Illustrator CC (.ai) < with open text and all the links included
- File Illustrator CC (.eps) < with all the text vectorized
- File Acrobat (.pdf) < in low resolution (only for a quick preview of the provided layout)

Please save the above files into a zipped folder before upload on our FTP address.

Thank you in advance for your understanding and your support.
