

Salvit Respiranto Patch

Patches for improvement of breathing and relief of the discomfort that occurs with nasal obstruction (**Children & Adult**)

- Medical Device Class IIa
- Safety & Scientific Evaluation
- Natural Ingredient
- Effectiveness for 8 Hours
- Night & Sleep Solution for Breath
- Disposable & External Use

INDICATIONS

Salvit Respiranto patches are used for improvement of breathing and relief of the discomfort that occurs with nasal obstruction. It works by releasing natural vapors of eucalyptus, mint and lavender oil to help clear the nose and breathe better, especially at night time. Salvit Respiranto patches should be applied directly on clothing in the pectoral area, and can be used in children over 30 months (2.5 years) and adults.

INSTRUCTION FOR USE

1. Open the pouch.
2. Remove release liner and attach the patch directly on clothes (pajamas, etc.) in the pectoral area.
3. Action of natural vapors of the essential oils of Salvit Respiranto patch lasts up to 6 - 8 hours and it is recommended to apply patch before bedtime to cover the period during the nighttime.

MAIN INGREDIENTS

Eucalyptus oil

The mucolytic and expectorants activity of the Eucalyptus oil contributes to the control of hypersecretion in the airway, to secure free breathe.

Lavender oil

Inhalation of Lavender oil clears the congested nasal passages and has an antiseptic effect.

Dementholised mint oil

It causes effective pain relief and cooling and eases breathing thanks to the improvement of nasal blood. It can considerably reduce the sensation of respiratory discomfort produced by addition of external respiratory loads.

PRODUCT PRESENTATION

5 patches / box

SCIENTIFIC REPORT

- Report Procedure: In a Medline search all articles about effects and mechanism of action of essential oils from active ingredient published from 2000 to 2019 were identified.
- Result:
 1. Essential Oils – in general therapy in blocked nose
 2. Techniques of inhalation – application of essential oils to the air to breathe
 3. Eucalyptus Oil, Lavender Oil and Dementholised Mint Oil - application of the each oil in Salvit Respiranto patch to patients with blocked nose that help to refresh the airway.

Salvit Respiranto obliž

za izboljšanje dihanja in lajšanje neugodja, ki se pojavi pri nazalni kongestiji (**za otroke in odrasle**)

- Medicinski pripomoček, razred IIa
- Varnost & znanstvena ocena
- Naravne sestavine
- Učinkovitost do 8 ur
- Pomaga pri dihanju ponoči in v spanju
- Za enkratno in zunanjo uporabo

INDIKACIJE

Salvit Respiranto obliži se uporabljajo za izboljšanje dihanja in lajšanje neugodja, ki se pojavi pri nosni obstrukciji. Deluje tako, da sprošča naravne hlapce olja evkaliptusa, olja mete in olja sivke, ki pomagajo očistiti nos in olajšajo dihanje, zlasti ponoči. Salvit Respiranto obliži se nanesejo neposredno na oblačila v predelu prsnega koša, uporabljajo jih lahko otroci, starejši od 30 mesecev (2,5 let) in odrasli.

NAVODILA ZA UPORABO

1. Odprite vrečko.
2. Odstranite zaščitno folijo in pritrдите obliž neposredno na oblačilo (pižamo, itd.) v predelu prsnega koša.
3. Delovanje naravnih hlapov eteričnih olj Salvit Respiranto obliža traja 6-8 ur, zato je obliž priporočljivo nanesti pred spanjem, da zajamemo nočno obdobje.

GLAVNE SESTAVINE

Olje evkaliptusa

Mukolitično in ekspektorantno delovanje olja evkaliptusa prispeva k nadzoru hipersekrecije v dihalnih poteh, zagotovi prosto dihanje.

Olje sivke

Vdihavanje olja sivke očisti zamašene nosne poti in deluje antiseptično.

Dementolizirano olje mete

Učinkovito lajša bolečine in hladi ter olajša dihanje zaradi izboljšanja nosne cirkulacije. Lahko bistveno zmanjša občutek nelagodja pri dihanju, ki nastane zaradi zunanjih dejavnikov, ki dodatno obremenijo dihala.

PAKIRANJE

5 obližev / škatlo

ZNANSTVENO POROČILO

- Postopek poročanja: V iskalniku Medline so bili identificirani vsi članki o učinkih in mehanizmi delovanja eteričnih olj iz aktivnih sestavin, objavljeni od 2000 do 2019.
- Rezultat:
 1. Eterična olja – pri splošni terapiji pri zamašenem nosu
 2. Tehnike vdihovanja – nanašanje eteričnih olj v zrak za dihanje
 3. Olje evkaliptusa, olje sivke in dementolizirano olje mete – uporaba vsakega olja v obližu Salvit Respiranto, pri pacientih z zamašenim nosom pripomore k osvežitvi dihalnih poti.
